

## Pneumatic Chain Saws – Powerful, efficient cutting of wood and plastic

Used successfully for many years in petrochemical industries, marine applications, utilities, underground mines and polyethylene plants

Saws available with 10", 15", 17", 21" and 25" bar lengths

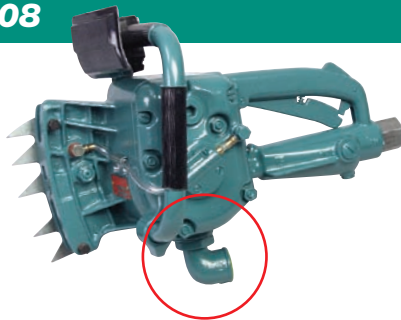

- Pneumatic power is safer than gas or electric in hazardous atmospheres and wet environments, including underwater applications
- Low maintenance and easy startup – saw chain and motor are automatically oiled by two separate lubricating systems
- Powerful 4 HP motors at 90 PSI air pressure, 92 CFM
- Standard with .404 pitch Super Chisel saw chain
- Optional carbide-tipped and ripping saw chain available

**Series 5 1007**

### Series 5 1008

Includes exhaust valve and chain guard to protect operator.

### Series 5 1026, 5 1027 & 5 1028

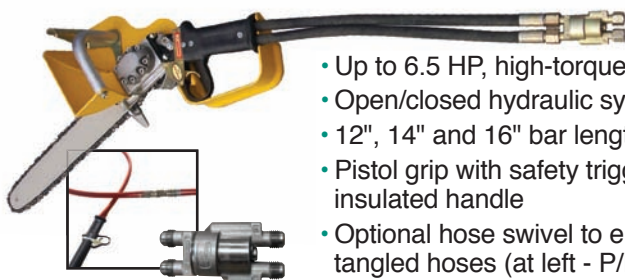

Includes chain brake to stop chain during kickback or for repositioning saw during cutting.

Model Number	Motor Specifications	Cutting Capacity	Length with Bar	Air Connection	Hose ID	Weight (lbs.)
<b>5 1005 Series – Utility Air Chain Saw - Compact, Lightweight and Powerful</b>						
5 1005 0010	1.2 HP, 30 CFM @ 90 PSI	10"	21"	1/4" NPT (ID)	3/8"	5.4
<b>5 1007 Series – General Use Air Chain Saw with Chain Guard (15", 17", 21" and 25" bar lengths available)</b>						
5 1007 0010	4 HP, 92 CFM @ 90 PSI	17"	33"	3/4" NPT (ID)	5/8"	25
5 1007 0040	4 HP, 92 CFM @ 90 PSI	25"	41"	3/4" NPT (ID)	5/8"	31
<b>5 1008 Series – Underwater Air Chain Saw with Chain Guard (15", 17", 21" and 25" bar lengths available)</b>						
5 1008 0030	4 HP, 92 CFM @ 90 PSI	21"	37"	3/4" NPT (ID)	5/8"	29
5 1008 0040	4 HP, 92 CFM @ 90 PSI	25"	41"	3/4" NPT (ID)	5/8"	31
<b>5 1026 Series – Cutting Wood, with Brake (17", 21" and 25" bar lengths available)</b>						
5 1026 0010	4 HP, 92 CFM @ 90 PSI	17"	33"	3/4" NPT (ID)	5/8"	25
<b>5 1027 Series – Cutting Plastic, with Brake and Water Feed System (17", 21" and 25" bar lengths available)</b>						
5 1027 0020	4 HP, 92 CFM @ 90 PSI	21"	37"	3/4" NPT (ID)	5/8"	28
<b>5 1028 Series – Underwater Air Chain Saw with Brake (17", 21" and 25" bar lengths available)</b>						
5 1028 0040	4 HP, 92 CFM @ 90 PSI	25"	41"	3/4" NPT (ID)	5/8"	31

## Hydraulic Pistol Grip Chain Saws

Ideal for use in utilities, subsea, mines, construction and agriculture

- Up to 6.5 HP, high-torque gear motor
- Open/closed hydraulic system
- 12", 14" and 16" bar lengths available
- Pistol grip with safety trigger lock and insulated handle
- Optional hose swivel to eliminate tangled hoses (at left - P/N 640080)

### Model ACH000-12 Pistol Grip Saw

Motor Power	Up to 6.5 HP Oil Flow: 3-8 GPM @ 2000 PSI
Handle	Pistol Grip
Overall Length	23" (with bar)
Bar Length	12" (14" and 16" optional)
Weight	5.8 lbs.
Hose Connection	3/8" JIC 37°

For 14" bar, order no. ACH000-14  
For 16" bar, order no. ACH000-16
